## MESSAGE FROM HEAD - CORPORATE COMMUNICATIONS & PR

### Dear Fortisians,

I am thrilled to connect with you through this edition of The Fortisian, our bi-monthly e-magazine.

Communication plays a pivotal role in every organisation, and especially in a large, multi-location organisation like ours. At Fortis, our communications efforts are directed towards building a strong brand image, building pride and positively influencing various communities, including patients, investors, employees and even prospective employees.

As part of our external communication activities, we engage with various stakeholders, including media and shareholders. Since our people are our biggest assets, our internal communications efforts are directed towards keeping all our employees well informed and aligned to the organisational purpose.

It is a matter of great satisfaction for me to share that we have been able to consistently maintain a leading share of voice across print, digital and electronic media. We have also been able to successfully showcase our clinical success stories and impactful initiatives, and these are regularly published by reputed media houses. From an internal communications perspective, we leverage several communication platforms, such as Electronic Direct Mailers (EDMs), our bi-monthly e-bulletin, The Fortisian, Fortis in the News (Print) and Fortis in the News (Audio-visual) to share vital information with everyone. We also share important industry news clips with senior leaders every day, whilst monitoring industry developments to enable timely decision-making. We are in the process of creating a new video series showcasing our leaders and learning more about their success stories, in an engaging format. An Intranet is also being worked upon as an additional means of providing regular updates and access to vital documents.

I welcome your suggestions and feedback regarding how we can improve our internal and employee communications and keep you more closely aligned with the organisation. Do feel free to drop an email at [corporate.communications@fortishealthcare.com](mailto:corporate.communications@fortishealthcare.com).

Warm regards,

**Ajey Maharaj**

Head - Corporate Communications & PR  
Editor-in-Chief

## New Beginnings & Launches

### Fortis Ludhiana - Chandigarh Road Launches SSI Mantra Robotic Surgery System

Fortis Hospital, Ludhiana - Chandigarh Road, achieved a significant milestone in advanced surgical care with the launch of the SSI Mantra Robotic Surgery System. The launch event, held on January 23, 2026, was graced by Dr Ritu Garg, Chief Growth and Innovation Officer, and Mr Ashish Bhatia, BusinessHead – Punjab.

This is the 17th robotic system to be commissioned across the Fortis network. The next-generation robotic platform strengthens Fortis Ludhiana's capability to deliver precision-led, minimally invasive procedures across multiple specialities, enabling greater surgical accuracy, improved outcomes and faster recovery for patients.

### S. L. Raheja Hospital launches Mumbai's first Centre of Excellence for Craniofacial & Temporomandibular Joint Surgery

(L-R) S. L. Raheja Hospital Mumbai-A Fortis Associate's Dr V. Ravishankar (Medical Advisor), Dr Tofiq Bohra, actor-filmmaker-producer Shri Mahesh Manjrekar, Dr Kunal Punamiya and Dr S. Narayani (Business Head-Fortis Hospitals Maharashtra) at the launch

(L-R) S. L. Raheja Hospital Mumbai-A Fortis Associate's Dr V. Ravishankar, Dr Tofiq Bohra, actor-filmmaker-producer Shri Mahesh Manjrekar, and Dr Kunal Punamiya at the launch

S. L. Raheja Hospital, Mumbai – A Fortis Associate on January 12, 2026, launched Mumbai's first Centre of Excellence (CoE) for 'Craniofacial & Temporomandibular Joint (TMJ) Surgery,' to provide comprehensive and specialised care to patients with structural and functional issues, and injuries in the facial and jaw area. The launch event was graced by the renowned actor-director, Shri Mahesh Manjrekar, who stressed upon the increasing need to raise awareness around facial health and the importance of timely, specialised intervention. Established under the leadership of Dr Tofiq Bohra, Head – Craniofacial & TMJ Surgery, the CoE offers comprehensive services under one roof.

According to Dr Bohra, the centre focuses on applying minimally invasive and precision-based techniques to help restore jaw functionality and alleviate pain while promoting a faster recovery process. He added that the hospital sees close to 50 TMJ-related patients every month and attributed this increasing trend to certain lifestyle factors such as stress, long working hours, poor posture, teeth grinding and sleep disturbances.

## Fortis Enters Strategic Collaboration with Ministry of Health and Wellness, Mauritius

Fortis Healthcare Limited has signed a Memorandum of Understanding (MoU) with the Ministry of Health and Wellness of Mauritius on November 28, 2025, further deepening Fortis' long-standing relationship with the country and reinforcing its commitment to expanding international collaborations. The MoU lays out a clear and comprehensive framework for cooperation across diagnostics, treatment, and patient care. It also paves the way for joint initiatives including medical camps,

continuous medical education programmes, and structured capacity-building efforts for Mauritian healthcare professionals-strengthening clinical capabilities across key specialities.

The signing ceremony was graced by the Hon'ble Minister of Health and Wellness, Mr. Anil Kumar Bachoo, and the Junior Minister, Mrs Anishta Babooram. Fortis was represented by Dr Ritu Garg, Chief Growth & Innovation Officer; Ms Renu Vij, Head – International Division; and Dr Nutan Kaushik, Territory Lead – International Relations (South & West Africa Region). The MoU was formally signed by Mr Navindsing Jugmohusing, Acting Senior Chief Executive of the Ministry, and Ms Renu Vij.

As part of the agreement, Fortis has outlined a strategic roadmap to collaborate on capacity building in selected specialities, support Ministry-led workshops and surgical camps, and facilitate travel for Fortis medical experts participating in these initiatives. This partnership aims to enhance the skills of local clinicians, improve treatment pathways, and advance healthcare delivery for the Mauritian population.

## Fortis Strengthens Global Presence with Launch of Four Information Centres Across Africa in February 2026

Dar es Salam, Tanzania IC Inauguration

Kano, Nigeria IC Inauguration

Eldoret, Kenya IC Inauguration

Nakuru, Kenya IC Inauguration

Reinforcing its commitment to expanding access to world-class healthcare beyond borders, Fortis Healthcare has successfully launched 4 Information Centres across key regions in Africa within a single month. With these additions, the total number of Fortis Information Centres in Africa now stands at 11, reflecting the organisation's steady expansion across the continent. The centres were inaugurated at: Dar es Salaam, Tanzania (February 6); Eldoret, Kenya (February 12); Nakuru, Kenya (February 13); and Kano, Nigeria (February 26).

The inauguration ceremony at each location was graced by representatives from leading hospitals, senior government officials, healthcare professionals, and key decision-makers. Team Fortis was represented by Ms Renu Vij – Group Head, International Sales; Mr Amit Pal Singh – Head, Africa Business; Dr Nutan Kaushik – Territory Lead, S&W Africa and Ms Shagufta Kamran – Territory Lead, N&E Africa. These centres will serve as dedicated touchpoints to facilitate patient support, provide information on advanced medical treatments available at Fortis hospitals in India, and strengthen collaboration with local healthcare providers. This initiative of establishing 4 centres within a month reflects Fortis Healthcare's strategic focus on Africa as a key international market and demonstrates its ongoing dedication to delivering clinical excellence, compassionate care, and trusted healthcare solutions worldwide.

## Fortis Launches International Information Centre in Zambia

Further strengthening its presence in Africa, Fortis Healthcare launched an International Information Centre in Zambia, on January 13, 2026. The new Information Centre is located at Levy Mwanawasa University Teaching Hospital in Lusaka—one of Zambia's leading tertiary healthcare institutions and a major referral centre for complex medical cases. As the nation's capital and primary healthcare hub, Lusaka offers strategic reach for patients across the country.

The Information Centre, set up in collaboration with Broncos Services Private Limited, will function as a dedicated, on-ground support platform for patients and their families, offering trusted medical information, personalised counselling, and smooth coordination for treatment at Fortis hospitals in India. Services will include assistance with treatment planning, expert medical opinions, travel arrangements, and comprehensive end-to-end patient support.

## Fortis Healthcare Marks a New Milestone with Launch of Its Information Centre in Osh City, Kyrgyzstan

Fortis Healthcare took a significant step in its engagement with the Commonwealth of Independent States (CIS) region with the inauguration of its third International Information Centre on January 13, 2026. The centre is located in Osh, one of the oldest cities in Kyrgyzstan. Its proximity to Uzbekistan, Tajikistan and China makes it a vital gateway of regional connectivity. The Information Centre has been established in partnership with Afzal Healthcare, to make world-class healthcare guidance more accessible, transparent and patient-centric for communities across Kyrgyzstan.

The inauguration ceremony was graced by nearly 30 distinguished attendees, including doctors, paramedics and prominent local stakeholders. Fortis was represented by Ms Renu Vij, Group Head International Business; Mr Nitesh Shukla, Lead - CIS; Dr Furquan Ahmad, Consultant - LTP & GI and Dr Kabir Rehmani, Consultant - Oncology, alongside senior members of Afzal Healthcare

## Fortis La Femme, GK -II, New Delhi Launches Obesity & Metabolic Disease Clinic

On February 13, 2026, Fortis La Femme, GK-II, New Delhi, launched an Obesity & Metabolic Diseases Clinic. The clinic is led by Dr Sharwari Dabhade Dua, Consultant - Internal Medicine, in association with Dr Sanjay Verma, Director - GI, Minimal Access & Bariatric Surgery.

The clinic was inaugurated by Smt. Shikha Roy, Honourable Member of Delhi Legislative Assembly and the Chief Guest, in the presence of Ms Garima Prasad, Facility Director - Fortis La Femme, senior clinicians and neighbourhood residents' association members. The clinic offers holistic care and aims to play a crucial role in preventing complex lifestyle diseases.

## Fortis Hospital, Mulund Launches 'New Age ER'

The inauguration ceremony in progress

Fortis Hospital, Mulund on February 14, 2026, inaugurated its 'New Age ER', a next-generation Emergency Department. The upgraded 27-bed facility (including two isolation beds) features advanced resuscitation bays, POCUS-led bedside diagnostics, ECMO-ready capabilities, fast-track emergency care, expanded observation areas, and digital dashboards for real-time quality monitoring. The inauguration ceremony was graced by Shri Hemarajsinh Rajput (IPS), Deputy Commissioner of Police (Zone 7), Mumbai, Dr S. Narayani, Business Head – Fortis Hospitals, Maharashtra; Dr Vishal Beri, Facility Director -Fortis Hospital, Mulund; and Dr Sandeep Gore, Director – Emergency Medicine, Fortis Hospital, Mulund. The inauguration was also attended by three patients who received a second lease of life after receiving life-saving care at the ER.

A pioneer in POCUS-led resuscitation and advanced Point-of-Care-Testing (POCT), the department enables bedside diagnostics within minutes-accelerating critical decision-making in life-threatening situations. Backed by 15 years of robust clinical data and a strong culture of continuous quality improvement, the model emphasizes measurable outcomes supported by 24x7 specialized Emergency Medicine coverage, ECMO ready resuscitation capabilities, structured triage, and integrated multidisciplinary response.

## Clinical Excellence

### First in South-East Asia: 29-Year-Old Undergoes Life-Saving Hybrid Cardiac Surgery at Fortis Gurugram

A team of doctors led by Dr Udgeath Dhir, Principal Director – Cardio Thoracic Vascular Surgery, Fortis Gurugram, performed a rare and complex Hybrid Cardiac Surgery (open bypass surgery combined with minimally invasive endovascular repair) on a 29-year-old man suffering from a ruptured and massively dilated thoracic abdominal aorta (the main vessel supplying blood from the heart to the rest of the body), a condition associated with extremely high mortality. This is reported to be the first such surgery in South-East Asia.

The patient had arrived in critical condition after months of misdiagnosis and failed treatment attempts at multiple hospitals. His heart function had dropped to 15%, and faced constant risk of fatal bleeding. Due to the extensive dilation and clotting of the aorta, which severely compromised blood flow to vital organs, conventional open surgery was ruled out. The doctors adopted an innovative hybrid surgical approach, combining open bypass surgery with minimally invasive endovascular repair. The procedure, conducted on December 10, 2025, began with the placement of a stent graft to seal the ruptured aorta and control the bleeding. This was followed by the highly specialised procedure, aortic debranching. Hybrid debranching with endovascular repair technique is among the rarest vascular procedures performed globally. The approach ensured uninterrupted blood flow to all vital organs while protecting the spinal cord, thereby significantly reducing the risk of paralysis. Continuous spinal cord pressure monitoring was performed throughout the procedure to ensure neurological safety. The patient tolerated the procedure well and was discharged on December 17.

### 40-Minute-Old Preterm Newborn Undergoes Minimally Invasive Cardiac Procedure at Fortis Escorts, Okhla

In a remarkable demonstration of clinical expertise and teamwork, the Paediatric Cardiology Team at Fortis Escorts, Okhla, treated a critically ill premature newborn delivered at 31 weeks. An earlier foetal ultrasound at a city-based hospital had revealed that the unborn child had a critically narrowed heart valve. After birth, the baby was diagnosed with critical aortic stenosis, severely reduced heart function and fluid accumulation around the heart, a condition where every minute is crucial.

Within 15 minutes of birth, the team stabilised and intubated the baby, enabling urgent intervention. The Paediatric Cardiology Team, led by Dr Neeraj Awasthy, Director - Paediatric Cardiology, performed a balloon aortic valvotomy, a minimally invasive procedure to open the severely narrowed valve and restore blood flow. Completed within 40 minutes of birth, the procedure stabilised the newborn's circulation. Specialised care in the neonatal nursery thereafter helped the baby steadily improve. The patient was eventually discharged on January 19, 2026.

## Multidisciplinary Team at Fortis Greater Noida Revives 9-year-old with Severe Hip Bone Infection After 10-day Battle

(L-R): Mr Siddharth Nigam, Facility Director; Dr Kushagra Gupta and Dr Bharat Goswami, along with the patient and his mother

Fortis Hospital Greater Noida witnessed a joyous moment on February 18, 2026, when a 9-year-old child, who had undergone an emergency procedure at the hospital in October 2025, and was under regular follow-up treatment thereafter, was declared disease free. The clinical team at Fortis Hospital Greater Noida, under the leadership of Dr Kushagra Gupta, Consultant - Paediatrics and Dr Bharat Goswami, Consultant - Orthopaedics, had treated the critically ill boy suffering from a severe bone infection (Osteomyelitis) that had progressed to septic shock, requiring ventilator support and intensive care for over 10 days.

The child had been brought to the hospital with a history of persistent fever, difficulty in walking for nearly a week along with swelling and pain in the right lower leg and hip region. Despite treatment at multiple hospitals, his condition had continued to deteriorate. Diagnostic evaluation upon admission at Fortis Greater Noida confirmed Osteomyelitis of the right hip along with a significant pus collection in the joint. The Orthopaedics team, in coordination with the Anaesthesia team comprising Dr Bhoop Singh, Additional Director - Anaesthesiology and Dr Swayambhu Shubham, Attending Consultant - Interventional Radiology, had then conducted an emergency surgical procedure. Approximately 200 ml of thick pus had been drained from the right hip joint. Post-surgery, the child was placed under ventilator support for five days. The paediatric and critical care teams had worked round-the-clock to manage the severe sepsis and systemic infection. After 10 days of intensive monitoring and treatment, the child had gradually stabilised and was discharged on October 19, 2025.

## Doctors at Fortis Gurugram Remove Rare 12 Kg Cancerous Tumour From 67-year-old Ethiopian Patient's Abdomen

A multidisciplinary team of doctors at Fortis Gurugram conducted a rare and challenging surgery to remove a giant 12 kg cancerous Gastrointestinal Stromal Tumour (GIST) from the abdomen of a 67-year-old female from Ethiopia. The clinical team, led by Dr Amit Javed, Principal Director & Head – GI, GI Onco, Bariatric, Robotic & MIS Surgery, along with Dr Narola Yanger, Principal Consultant – Gastrointestinal Oncology, conducted the complex surgery on January 29, 2026.

The patient was brought to Fortis Gurugram with complaints of severe stomach ache and sensation of a hard, immobile mass in the belly, which disrupted her daily life. Investigations, including upper GI endoscopy, CT scan and PET-CT imaging, revealed an exceptionally rare gigantic tumour in the patient's stomach. Adding to the complexity, the surgeons found that the cancerous tumour extensively involved the surrounding organs, notably the liver's left lobe, spleen, pancreas and the colon. The surgery required meticulous planning, besides a high degree of skill and precision. The patient recovered smoothly post-surgery and was discharged in a stable condition nine days later.

## Milestones

### Fortis Gurugram Surpasses 500 Gamma Knife Procedures; Milestone Achieved in Under Two Years of Launch

On February 17, 2026, Fortis Hospital, Gurugram, celebrated the completion of over 500 Gamma Knife procedures, in the presence of Dr Rana Patir, Chairman – Neurosurgery & Gamma Knife; Dr Sandeep Vaishya, Executive Director & HOD – Neurosurgery & Gamma Knife; Mr Yash Rawat, Senior VP & Head SBU - Fortis Hospital Gurugram; senior clinicians and leadership members.

Since the launch of its Gamma Knife program in mid-2024, FMRI has rapidly emerged as one of the fastest-scaling, high-volume Gamma Knife centres in the region. The technology enables incision-free treatment of complex brain tumours, vascular malformations, trigeminal neuralgia and other neurological conditions with sub-millimetre precision - ensuring targeted therapy while preserving healthy brain tissue. This achievement reflects clinical excellence, precision medicine, complex case capability, and growing trust among patients from India and overseas.

### Fortis Hospital Cunningham Road, Bengaluru, Marks 35 Glorious Years of Healthcare Service

Fortis Hospital Cunningham Road, Bengaluru, marked 35 years of dedicated healthcare service with a grand celebration on February 23, 2026. Nearly 300 guests, including doctors, senior leaders, staff, patients and well-wishers attended the event. The occasion was graced by Shri Dinesh Gundu Rao, Hon'ble Minister for Health & Family Welfare, Government of Karnataka, who commended the hospital's legacy of clinical excellence. Also present were Dr Vivek Jawali, Chairman – Cardiothoracic Vascular Surgery; Dr Mohan Keshavamurthy, Principal Director – Renal Sciences; Dr Ananth N Rao, Vice President & Business Head, Fortis

Hospitals, Bengaluru; Mr Praveen Wali, Facility Director, Fortis Cunningham Road; Mr Ashish Bhatia, Executive Vice President & Business Head – Punjab; and Ms Richa Singh Debgupta, Chief of Strategy and Business Head – Kolkata and Jaipur, Fortis Healthcare Ltd., along with other senior leaders.

Centered around the theme '35 Years: Pioneering Care, Transforming Lives,' the celebration reflected the hospital's evolution from a pioneering cardiac centre to a modern multi-speciality tertiary care institution, while reaffirming its commitment to patient-centric care and high-quality clinical outcomes. The evening was marked by warmth, gratitude and nostalgia, as the institution revisited its journey through inspiring stories of doctors across specialties who have transformed countless lives over the years. The programme also included felicitation of doctors and staff associated with the hospital since its early years, recognising their invaluable contribution to its enduring legacy of trust, innovation and excellence.

As part of the 35-year milestone, Fortis Cunningham Road announced a series of impactful community healthcare initiatives aimed at extending its care beyond hospital premises. The initiatives include a 35-hour mega CPR and Basic Life Support (BLS) training marathon expected to train approximately 3,500 individuals in life-saving emergency response skills; rolling out of 35 health camps across Bengaluru focusing on underserved communities and annual health check-up services for 35 old age home inmates, among others.

## A Milestone in Advanced Hearing Care at Fortis Hospital, Gurugram

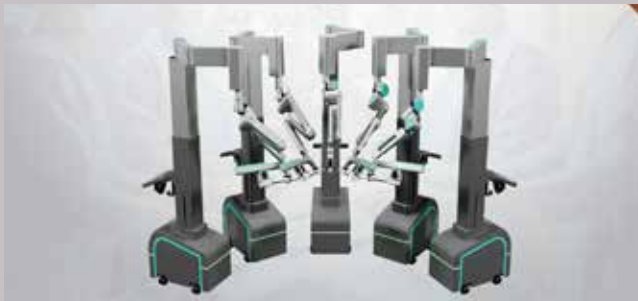

Fortis Hospital, Gurugram, proudly marks a significant milestone with the successful completion of 100+ cochlear implant surgeries, restoring the gift of hearing and transforming the lives of both children and adults.

Heartiest congratulations to Dr. Atul Mittal, Principal Director – ENT, and his dedicated team for this outstanding achievement. Their clinical expertise, surgical precision, and compassionate approach continue to redefine standards in advanced ENT and hearing care.

This milestone underscores Fortis Gurugram's unwavering commitment to clinical excellence, innovation, and patient-centric outcomes. As we celebrate this achievement, we look forward to many more success stories and brighter futures enabled through world-class hearing solutions.

## Celebrating a Surgical Milestone: 100+ Robotic Surgeries at Fortis Escorts, Okhla

Fortis Escorts Okhla, New Delhi, has successfully completed 100 robotic surgeries using the SSI Mantra Surgical Robotic System. The milestone was achieved in a span of one year. The achievement was led by Dr Ritwick Raj Bhuyan, Director - Cardio Thoracic Vascular Surgery & Lead – Robotic and Minimally Invasive Cardiac Surgery; Dr Milind Padmakar Hote, Director - Cardio Thoracic Vascular Surgery; Dr Archit Pandit, Director - Surgical Oncology; Dr Pankaj Panwar, Additional Director -Urology; and Dr Sanjay Verma, Director - GI, Minimal Access & Bariatric Surgery, Fortis Escorts Okhla.

## Fortis Hospital Jalandhar Successfully Performs Its First Awake Craniotomy

Fortis Hospital, Jalandhar has achieved a milestone in advanced neurosurgical care by successfully performing its first Awake Craniotomy on February 10, 2026. The complex procedure was carried out by Dr Sandeep Kumar Kundal, Neurosurgeon, on a 63-year-old male patient who presented with complaints of persistent headache and episodes of irrelevant speech. MRI contrast imaging of the brain revealed a left temporoparietal glioma involving the eloquent cortex (motor area) - a highly sensitive region responsible for speech and movement.

Given the tumor's critical location, an Awake Craniotomy was planned to allow real-time neurological monitoring during surgery. The patient remained awake during key phases of the procedure, enabling the surgical team to continuously assess speech and motor functions while safely removing the tumor.

The surgery was successfully completed with maximal tumor resection and no post-operative neurological deficits, marking a significant achievement for the hospital.

The procedure was ably supported by the Anaesthesia team, including Dr Shubha Sharma and Dr Sheetal Garg, along with the dedicated Operation Theatre team whose coordinated efforts ensured a smooth and successful outcome.

## Fortis Hospital, Manesar Performs Haryana's First Rare Interventional Fontan Procedure to Save 14-Year-Old

Fortis Hospital, Manesar successfully performed Haryana's first interventional Fontan procedure on a 14-year-old girl with a complex congenital heart condition. This innovative, minimally invasive alternative to open-heart surgery utilised a controlled electrosurgical technique to create a precise opening between the heart wall and pulmonary artery. By placing a specialized stent to redirect blood flow directly to the lungs, the clinical team bypassed the cardiac defect without the trauma of traditional surgery.

The innovative procedure was planned and executed by Senior Interventional Paediatric Cardiologist Dr. Deepak Thakur along with Multidisciplinary team, including Dr Mahesh Wadhvani, Chief Cardiac Surgeon & HOD - CTVS; Dr Shyamveer Singh Khangarot, Senior Consultant - Neonatal & Paediatric Cardiac Surgery and Dr Alok Ranjan Sahoo, Additional Director - Cardiac Anaesthesia.

## Fortis Hospital Mulund Delivers Coordinated Multidisciplinary Care to Aircraft Crash Survivors

Fortis Hospital Mulund treated a couple who sustained serious injuries in an aircraft crash near Rourkela, Odisha, on January 10, 2026. After 10 days of advanced, multidisciplinary trauma care, the patients were discharged on January 22, 2026, and returned to Bhubaneswar in time to celebrate their 28th wedding anniversary.

Following initial stabilization at a local hospital, the couple was airlifted to Fortis Mulund on January 11, 2026. The transfer was coordinated after consultation with Dr Sachin Bhonsle, Senior Consultant – Orthopaedics & Joint Replacement Surgery. Upon arrival, a multidisciplinary trauma taskforce was activated, bringing together specialists across orthopaedics, spine surgery, critical care, nursing, rehabilitation, nutrition and counselling services. While the female underwent surgery for a right femur fracture along with associated pelvic and spinal injuries, the male underwent reconstruction for a complex right knee injury. Spine-related trauma management was led by Dr Vikas Gupte, Senior Consultant – Spine Surgery.

Beyond surgical intervention, their recovery pathway reflected coordinated teamwork across departments. Structured pain management protocols, intensive physiotherapy, specialised nursing care, nutritional planning and psychological trauma counselling were delivered in an integrated manner. The end-to-end patient journey - from emergency call to safe relocation, admission, surgery, recovery and discharge - was supported by close coordination between medical teams, nursing leadership, rehabilitation services, and hospital administration. The transfer and logistical arrangements were initiated and overseen by Mr Chetan Surani, Senior Manager – Marketing.

## Dr. Sandeep Kumar Kundal Completes 100 Spine Surgeries at Fortis Hospital, Jalandhar; Strengthens Advanced Brain & Spine Care in the Region

Advanced neurosurgical care as Dr. Sandeep Kumar Kundal, Consultant Neurosurgeon, Fortis Hospital, Jalandhar successfully completes over 100 spine surgeries, marking a significant milestone in delivering comprehensive brain and spine care in the region.

Dr. Kundal has performed a wide spectrum of spine procedures, including minimally invasive spine surgeries, trauma-related spine cases, kyphoplasty, microdiscectomy, treatment of degenerative disc disease, and advanced endoscopic disc procedures. These state-of-the-art techniques have enabled patients to experience reduced surgical trauma, minimal scarring, shorter hospital stays, and faster recovery.

## Fortis Hospital Vasant Kunj Achieves 100+ Robotic Surgeries Milestone

Fortis Hospital Vasant Kunj has achieved a significant clinical milestone with the successful completion of 100+ robotic surgeries using the advanced SSI Mantra Surgical Robotic System, reinforcing its commitment to precision-driven, minimally invasive surgical care and improved patient outcomes. The milestone was led by a distinguished multidisciplinary team including Dr

Neeraj Choudhary, Senior Director – GI, GI Oncology & Robotic Surgery; Dr Hemanth Kumar, Senior Director – GI, Minimal Access & Bariatric Surgery; Dr Shubham Jain, Senior Director – Surgical Oncology; Dr. Neema Sharma, Director and unit head- Obstetrics & Gynaecology; Dr Mamta Mishra, Director – Obstetrics & Gynaecology; Dr. Sutopa Banerjee, Director and unit head- Obstetrics & Gynaecology; Dr Ruchir Maheshwari, Director – Urology; and Dr Amit Bansal, Senior Consultant – Urology. This achievement highlights the hospital's continued focus on adopting advanced technologies that enable greater surgical precision, reduced recovery time, and enhanced patient safety, further strengthening its position as a leader in robotic surgery in India.

## Fortis Escorts Faridabad Launches 'SANJEEVANI' – Faridabad's First 24/7 Dedicated Stroke Helpline

Fortis Escorts Hospital, Faridabad launched 'SANJEEVANI', the city's first 24/7 dedicated stroke helpline (96677 11771), on 28 January 2026 aimed at delivering rapid, coordinated, and life-saving stroke care. The initiative was unveiled at a press conference held at the hospital. Along with the helpline, Fortis Escorts Faridabad also introduced a round-the-clock stroke clinic and a specialised stroke ambulance service, creating an integrated stroke-response ecosystem designed to ensure patients receive timely treatment within the critical golden hour.

Launch event was graced by senior clinicians and leaders including Dr. Vinit Banga, Director Neurology and Neuro-Intervention, Dr. Kamal Verma, Director – Neurosurgery, Facility Director – Dr. Abhishek Sharma & Mr. Ajey Maharaj, Head – Corporate Communication & PR.

(L-R) Dr Vishal Beri, Dr Rachana Tataria, Dr Sonali Maniar and Dr Raj Kapadia at the launch of 'BreastCare360' at Fortis Hospital, Mulund

Fortis Hospital, Mulund, on February 4, 2026, launched 'BreastCare360', a specialised department dedicated to comprehensive breast care. Led by an expert multidisciplinary team - Dr Raj Kapadia, Consultant – Surgical Oncology; Dr Rachana Tataria, Consultant – Reconstructive & Plastic Surgery and Dr Sonali Maniar, Consultant – Radiology - 'BreastCare360' offers integrated services ranging from early diagnosis to advanced treatment and reconstruction, for both cancerous and non-cancerous conditions. The launch coincided with World Cancer Day 2026.

The department is equipped with the latest technologies, including digital mammography, 3T MRI, genetic testing, surgery, chemotherapy and radiation therapy. It also offers immediate and delayed reconstructive surgery, aesthetic breast procedures, nipple reconstruction, preventive surgeries for high-risk individuals, and specialised male breast care.

## Fortis Greater Noida, Organises Cancer Survivors' Meet

On February 4, 2026, World Cancer Day, Fortis Hospital Greater Noida organised a Cancer Survivors' Meet to celebrate the strength, resilience, and inspiring journeys of our cancer warriors. The event was made memorable with the presence of renowned radio personality RJ Lucky, who brought warmth, positivity, and laughter to the gathering. His engaging interaction and light-hearted humour put cancer survivors in splits, creating an atmosphere of joy, encouragement, and emotional bonding.

The meet served as a platform to honour survivors, share motivational stories, and reinforce the message that with timely diagnosis, expert care, and unwavering determination, cancer can be fought and overcome. The initiative reflected our continued commitment towards holistic cancer care - not only treating the disease but also supporting patients emotionally and socially throughout their journey.

The Fortis Greater Noida building was also illuminated in violet from February 3-6 as a mark of solidarity, strength and hope for cancer survivors.

## Fortis Mohali Holds Colourful Event for Cancer Survivors

To recognise the resilience and unwavering spirit of cancer survivors, Fortis Cancer Institute, Mohali, organised a special Valentine's Day celebration titled 'Celebrating Love for Life, Beyond Cancer' to commemorate World Cancer Day at the facility on February 14, 2026. More than 50 cancer survivors along with their families took part in the event. A painting session exclusively designed for cancer survivors was the highlight of the programme, which was followed by music, dance, and other recreational activities. Cancer survivors along with doctors from the Oncology

Department also released colourful balloons as a mark of emerging victorious. The program concluded with the launch of the revised edition of 'Living Strong – A Guide to Fight & Win Cancer', reaffirming the hospital's commitment in empowering patients throughout their journey beyond cancer.

## Fortis Gurugram Celebrates Courage and Resilience of Young Cancer Survivors on International Childhood Cancer Day

On February 17, 2026, Fortis Hospital, Gurugram marked International Childhood Cancer Day with a heartwarming celebration titled "Little Warriors, Big Win – Walk for a Cause," honouring the courage, resilience, and indomitable spirit of young cancer survivors.

The vibrant event brought together nearly 50 young cancer warriors, along with their parents and caregivers, for a special ramp walk and engaging activities set against a lively Bollywood

theme. The celebration was organised by the Paediatric Haematology, Hemato-Oncology and Bone Marrow Transplant team led by Dr Vikas Dua, Principal Director & Head, reinforcing the institute's deep commitment to comprehensive childhood cancer care. The event was graced by RJ Khurafati Nitin, Dr Renu Bhatia- IAP president Gurgaon, Dr Ajay Arora- IMA president Gurgaon and Dr Umesh Arora- IMA Secretary Gurgaon

The initiative aimed to raise awareness about childhood cancer, underscore the importance of early diagnosis and timely treatment, and celebrate the extraordinary strength of children battling the disease. The ramp walk symbolised solidarity and support, with doctors, nurses, and healthcare teams walking alongside the children and their families - conveying a powerful message that no child fights cancer alone.

## Fortis Shalimar Bagh Illuminates Delhi's Iconic Pitampura TV Tower to Mark World Cancer Day 2026

On World Cancer Day 2026, Fortis Hospital, Shalimar Bagh, in partnership with Prasar Bharati, illuminated Delhi's tallest landmark - the iconic Pitampura TV Tower - in purple, the global colour of cancer awareness. The ceremony was graced by Mr Mahipal Singh Bhanot, Business Head & Operations Lead – NCR Projects and Mr Naveen Sharma, Facility Director - Fortis Hospital Shalimar Bagh, along with senior dignitaries from Delhi Doordarshan and leading oncologists from Fortis Shalimar Bagh.

## Fortis Manesar Launches 'Nayi Udaan' - A Cancer Support Group Celebrating the Resilience of Cancer Warriors

In a powerful tribute to resilience, hope, and life beyond cancer, Fortis Hospital Manesar today launched a dedicated support Group 'Nayi Udaan' – Celebrating Warriors, A New Beginning. The event united more than 200 cancer patients who have triumphantly completed treatment under the expert care of the Fortis Cancer Institute's oncology team. Symbolizing a powerful new beginning, Nayi Udaan celebrates not just survival but the courage to reclaim life and move forward with renewed strength. The two-hour event featured interactive sessions, meaningful conversations, and shared experiences led by the institute's cancer specialists, focusing on life after treatment and emotional well-being. Adding a lighter, uplifting touch to the afternoon, a stand-up comedy session by Pratyush Chaubey brought moments of laughter and joy to the warriors and their families - reinforcing the importance of positivity in healing.

## Meet Our Doctor

**Dr Vinay Samuel Gaikwad**  
 Director - Surgical Oncology  
 Fortis Hospital, Manesar

### Since when have you been working with Fortis?

It has been a little over a year since I joined Fortis Manesar, accepting the challenge of placing this hospital on the world map as a centre for comprehensive, world-class cancer care.

### How has your professional experience been, as a surgeon?

Clinical science is a great leveller. The rollercoaster ride of being a surgeon teaches us to relish the high points and recover from the low ones. The primary focus should always be the patient. Making a direct impact in someone's life with one's own hands was an aspiration that took form once I became a surgeon.

### What are some rewarding aspects of you being a doctor, both personally and professionally?

The fulfilment of both, being a surgeon and also treating the dreaded disease of cancer, is a great privilege. My parents are proud and society displays respect. Witnessing courageous patients overcome cancer is an unmatched experience. We get to observe miracles happening with patients from all over the world.

### Can you share a memorable patient story?

While every oncologist, every doctor and every report pointed towards a particular patient harbouring advanced cancer, I was not convinced. A tremendous amount of counselling, emotional support and trepidation went into planning the treatment. When the final report after the operation revealed that it was a case of severe infection and not cancer, there was jubilation beyond measure. It has been more than 10 years now after this fortuitous episode and our patient keeps checking in on us with gratitude. Although we cannot alter reality and change diagnoses, this and -- other such situations -- gives us reason to rejoice.

### How do you balance your personal life with the demands of your profession as a doctor/clinician?

Sacrifices galore, like any dedicated clinician, is an integral part of the deal. The medical field rewards patience and persistence. It takes a while, but with team building, and setting processes in place, work-life balance has finally become a reality.

### Can you tell us about some of your hobbies that help you rejuvenate outside your personal life?

Golf has become an integral part of my life. It relaxes the mind and instils positivity. I try to sneak a game in whenever possible. Music is also uplifting. I pick up an instrument and the self-healing begins, be it the violin, guitar or piano.

## Meet Our Nurse

### What inspired you to pursue a career in nursing?

My grandmother, a strong and compassionate woman, inspired me to pursue a career in nursing. When I started my journey as a young nurse, I never imagined that I would one day grow into the role of a Chief Nursing Officer. Nursing has been a remarkable journey of learning, service and personal growth. The profession has shaped me into a leader, taught me resilience and strengthened my empathy for patients and their families. I feel deeply proud to be part of such a noble and meaningful profession.

### How has your journey been working at Fortis?

My journey with Fortis began in 2009 when I joined as a junior ward nurse with just two years of experience. Over the years, with the support and opportunities provided by the organisation, I progressed into roles such as CCU Senior Nurse and Infection Control Nurse. Fortis also supported my academic growth, enabling me to pursue a Post Graduate Diploma in Healthcare Quality and Management from TISS Mumbai. Today, I feel humbled to serve as the Chief Nursing Officer. As my parents often say, Fortis has been like a home for me – a place where I have grown both professionally and personally. It has truly been an incredible journey of learning, dedication and passion.

### What qualities do you believe a nurse must possess?

In today's rapidly evolving healthcare environment, nurses must possess strong clinical knowledge, adaptability and a comfort with technology. At the same time, qualities such as empathy, compassion and effective communication remain at the heart of nursing. A good nurse must also be resilient, collaborative and committed to continuous learning in order to adapt to new challenges and deliver patient-centred care.

### What steps do you take to stay updated on advancements and evidence-based practices in nursing?

I strongly believe in lifelong learning. To stay updated, I regularly attend conferences, workshops and online training programmes. I also follow nursing journals, research publications and professional forums to keep myself informed about the latest advancements in healthcare. Networking with colleagues and experts allows me to exchange ideas and learn from different perspectives. I am particularly interested in emerging technologies such as telehealth and AI-driven diagnostics that can enhance patient care. I also encourage my team to pursue specialty courses and certifications so that together we can deliver the highest standards of care.

### How do you manage a healthy work-life

Maintaining a healthy work-life balance is very important in a demanding profession like nursing. I consciously prioritise self-care and set boundaries to ensure I stay physically and emotionally well. Activities like yoga and spending quality time with my family help me recharge. At work, delegating responsibilities, seeking support from colleagues and taking short breaks when needed also help manage stress. By taking care of my own well-being, I am able to remain resilient and provide the best care to my patients.

### Tell us a bit about your family.

I am the eldest in a close-knit nuclear family. My father, a retired police official, instilled strong values of discipline and integrity in us. My mother, a homemaker with a passion for art and learning, inspired my creativity and curiosity. My brother serves in the Indian Army, and his dedication continues to motivate me every day. I am also a proud and fun-loving aunt to my one-year-old niece.

## Community Connect

### Fortis Escorts, Okhla Launches Fortis Kavach for Continuity of Care

Fortis Escorts, Okhla has launched Fortis Kavach, a clinician-led programme created to strengthen patient care beyond hospital discharge. While treatment within the hospital is critical, recovery often continues at home, bringing with it questions, adjustments and the need for ongoing medical guidance.

Fortis Kavach is designed to address this essential phase by extending structured clinical oversight from hospital to home. Led by clinicians and supported by dedicated care teams, the programme ensures continuity of care, timely medical support, and reassurance during recovery. By keeping patients connected to their doctors after discharge, Fortis Kavach helps create a smoother, more confident transition from hospital to home.

### Fortis Escorts Hospital, Faridabad Launches Seniors First 2026 Program

On January 18, 2026, Fortis Escorts Hospital, Faridabad, launched 'Seniors First Program,' a dedicated initiative designed to provide enhanced healthcare support and exclusive benefits for senior citizens. The launch event was graced by Chief Guest Dr Jayant Ahuja, (CMO Civil Surgeon, Faridabad) whose presence added significant value to the programme. The event witnessed an encouraging response, with over 300 senior citizens from Faridabad in attendance, along with the active participation of several senior doctors and healthcare professionals. The programme reinforced Fortis Escorts' commitment to senior-centric, preventive, and holistic healthcare making it a meaningful platform for engagement, awareness, and community connect.

As part of the programme's engagement activities, the hospital organised a Chair Yoga session specially curated for senior citizens. In recognition of their continuous efforts towards senior welfare, the presidents of the 8 associated senior citizen associations were felicitated. A panel discussion was chaired by Dr Abhishek Sharma, Facility Director - Fortis Escorts Hospital, Faridabad, moderated by Dr Vinit Banga, Director & Unit Head – Neurology. Dr B. D. Pathak, Senior Director - General & Minimal Invasive Surgery; Dr Ravi Shekhar Jha, Director & Unit Head – Pulmonology; Dr Harish Ghoota, Director – Orthopaedics and Dr Kamal Gupta, Additional Director – Cardiology were the panellists.

## Fortis Anandapur Launches 'Healthy Aging' Wellness Program

On February 16, 2026, Fortis Hospital, Anandapur inaugurated its 'Healthy Aging – Structured Gym-Based Wellness Program,' a first-of-its-kind initiative aimed at promoting safe, supervised, and holistic fitness for elderly individuals and those with chronic health conditions.

Designed to support patients living with diabetes, obesity, pulmonary conditions, cardiac ailments, as well as those undergoing orthopaedic and neuro rehabilitation, the program offers structured, medically supervised exercise plans tailored to individual health needs. The initiative also extends its benefits to newcomers beginning sports or gym activities, ensuring they start their fitness journey safely under expert medical guidance.

The inauguration ceremony featured an insightful panel discussion led by Mr Ashish Mukherjee, Facility Director, alongside eminent clinicians including Dr Sushmita Roychowdhury, Director – Pulmonology; Dr Rachna Mazumder, Director – Endocrinology; Dr Soumya Chakraborty, Consultant – Orthopaedic Surgery and Dr Kshetra Madhab Das, Consultant – Physical & Rehabilitation Medicine.

## Fortis Escorts Hospital, Faridabad successfully hosted "HER FIRST – Science of Women's Wellness"

Fortis Escorts Hospital, Faridabad marked the launch of 'HER FIRST – Science of Women's Wellness,' on February 22, 2026. The focused initiative aims at strengthening awareness, preventive care and holistic wellbeing for women.

The program brought together education leaders, healthcare experts, and community stakeholders from Faridabad City to foster meaningful dialogue around women's health - reinforcing the importance of early intervention, mental wellbeing, and multidisciplinary clinical support.

Senior clinicians who led the conversation included Dr Niti Kautish, Director - Obstetrics & Gynaecology; Dr Swati Mohan, Director – Dermatology; Dr Dhvani Satija, Consultant - Clinical Psychology; Dr B. D. Pathak, Senior Director - General & Minimal Access Surgery and Dr Sidharth Sood, Senior Consultant -Medical Oncology.

## Fortis Greater Noida Provides Medical Support at GAIL India's 30th Inter-Regional Volleyball Tournament

Fortis Hospital, Greater Noida provided medical support along with the services of a physiotherapist at the 30th Inter-Regional Volleyball Tournament of GAIL (India) Ltd. The event was held during January 15-17, 2026. The medical team remained available throughout the event to provide timely care, injury management, physiotherapy support and emergency response, ensuring a safe and smooth sporting experience for all participants.

## Fortis Cunningham Road Conducts Advanced Urogynecology Training Workshop in Partnership with OC Academy

Fortis Hospital, Cunningham Road, in partnership with OC Academy, conducted an advanced clinical training workshop in urogynecology on January 31, 2026, reinforcing a shared commitment to specialist medical education and skill enhancement.

Led by Dr Rubina Shanawaz, Additional Director – Uro Gynaecology, Gynaec-Oncology & Robotic Surgery, Fortis Hospital, Cunningham Road, under the guidance of Dr Mohan Keshavamurthy, Principal Director – Renal Sciences, Fortis Hospitals, Bengaluru, the programme featured hands-on, simulator-based training along with exposure to robotic and

minimally invasive surgical techniques aligned with global standards. A total of five clinical workshops, including live robotic and laparoscopic procedures, were conducted at Fortis Hospital, Cunningham Road, offering valuable practical learning for participants.

The inaugural cohort of nine clinicians successfully completed the programme and were presented with certificates of participation, marking a strong beginning for future batches.

## Fortis Hospital, Ludhiana - Chandigarh Road, Launches Sarpanch Suvridha Health Card

Fortis Hospital Ludhiana, Chandigarh Road, launched the Sarpanch Suvridha Health Card on February 9, 2026, during a Sarpanch meet organised under the guidance and cooperation of Hon'ble Cabinet Minister S. Hardeep Singh Mundian, Minister for Revenue, Rehabilitation & Disaster Management, Water Supply & Sanitation, and Housing & Urban Development, Government of Punjab.

The Sarpanch Suvridha Health Card is a dedicated healthcare initiative aimed at extending special medical benefits to Sarpanches and their immediate family members, enabling easier access to quality healthcare services and promoting preventive health practices at the grassroots level.

As part of the initiative, Fortis Hospital also organised a free medical camp during the meet, offering health check-ups to attendees. Hon'ble Minister S. Hardeep Singh Mundian proactively underwent a health check-up himself and encouraged all present to adopt the habit of routine medical examination.

## Two-Day NHPC Paramedical Training Conducted at Fortis Escorts Okhla

Fortis Escorts, Okhla, conducted a comprehensive two-day training program for over 40 paramedical staff from the National Hydroelectric Power Corporation (NHPC), representing regions including Jammu, Tanakpur, Banikhet, Himachal Pradesh, Sikkim, Assam, Arunachal Pradesh and Chandigarh.

The program focused on enhancing emergency preparedness and patient care, covering advanced nursing care, Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), fire safety and mental health awareness. Through expert-led sessions, practical simulations, and hands-on training, participants gained advanced skills, confidence and readiness to respond effectively in critical medical scenarios. The event was honoured by the presence of Dr Satarupa, Medical Director, whose address highlighted the importance of continuous professional development.

## Engagement

### 40 Nurses Undergo LINK Infection Control Nurse Certification Course at Fortis Gurugram

Fortis Hospital, Gurugram, organised the LINK Infection Control Nurse Certification Course for 40 Nurses on February 19-20, 2026. The program was organised by the Infection Control team. The training sessions were delivered by various CCM doctors, ICO, Nursing Education Head, ID physicians & ICNs who enriched the programme with their clinical expertise and shared best infection control practices.

The inaugural ceremony was graced by Mr Yash Rawat, Head - SBU, Dr Jyoti Mishra, Medical Director; Mr Ravi Ranjan, SBU HR Head; Ms Jigi Pradeep, CON; Mr Tabish Jamshed, Unit Head- Sales & Marketing; Mr Yogender Singh, Head – Administration and Mr Dhananjay Singh, Unit Finance Controller, whose presence underscored the importance of Infection Prevention & Control in ensuring safe and quality patient care.

### Fortis Hospital Bannerghatta Road, Bengaluru, Observes Dietetics Day 2026 with Preventive & Therapeutic Nutrition Exhibition

The Dietetics Department led by Ms Shalini Arvind – Chief Dietitian, Fortis Hospital, Bannerghatta Road, organised an exhibition on January 22, 2026, as part of Dietetics Day 2026 featuring an array of displays and informative charts pertaining to key topics in Preventive and Therapeutic Nutrition. The exhibition featured educational information on calcium supplementation (clinical importance, correct administration and foods to include), different cookware and its impact on nutrition, chrono nutrition, importance of carbohydrates, myth-busting on gluten and antioxidants and their role in inflammation, among several other themes.

The aim of the exhibition was to make learning fun and engaging through interactive games and colourful, informative displays. The exhibition saw participation from across departments, including support services and the consultant group and served as an effective platform to create awareness on nutrition and healthy lifestyle practices.

The exhibition was inaugurated by Dr Priya Sreedharan, Director – Medical Operations, Dr Murali Chakravarthy, Senior Director – Department of Anaesthesia, Dr Padma Kumar V, Senior Director – Critical Care Medicine, Mr Ganesh Rao, Deputy General Manager – HR, Ms Latha Nonis, Chief Nursing Officer, Dr Rajpal Singh, Director – Interventional Cardiology, Dr Shalini Joshi, Additional Director – Internal Medicine along with vertical heads and senior management.

## Cricket Tournament for Employees of Fortis Hospital and Kidney Institute, Kolkata

Fortis Hospital and Kidney Institute, Kolkata, organised a cricket tournament, bringing together enthusiasm, teamwork, and sportsmanship. The tournament featured six dynamic teams: Lion Kings, Power Panthers, Titan Fighters, Super Strikers, Brave Worriers and Fire Stormers, all of whom displayed remarkable energy and competitive spirit throughout the matches.

The event witnessed thrilling encounters and strong camaraderie among participants, making it a memorable sporting celebration. After a series of closely fought matches, the tournament culminated in a high-voltage final match between Titan Fighters and Super Strikers. Both teams put up an impressive performance, keeping the excitement alive till the very end.

In a well-contested final, Titan Fighters emerged as the champions, securing a well-deserved victory over Super Strikers. Their consistent performance, teamwork, and determination throughout the tournament led them to lift the trophy.

## Fortis Escorts Hospital Faridabad Hosts International Partners Meet – “Redefining Healthcare, Reconnecting Globally”

On 23rd January, Fortis Escorts Hospital, Faridabad successfully organized an International Partners Meet themed “Redefining Healthcare, Reconnecting Globally”, bringing together global healthcare Facilitators, associated and stakeholders to strengthen international collaboration and shared commitment to excellence in patient care.

The evening witnessed participation of 150+ international business associates and delegates, making it a significant platform for dialogue, partnership, and future-ready healthcare engagement at Fortis Escorts, Faridabad.

The event was graced by the presence of Mr. Mohit Singh, Head - SBU, Dr. Abhishek Sharma, Facility Director, and Ms. Renu Vij, Group International Head Fortis Escorts Hospital Faridabad, whose participation reinforced Fortis’ strategic vision and leadership commitment towards global healthcare partnerships.

A key highlight of the event was the address by Fortis Faridabad’s key doctors, who shared impactful 2–3 minute insights on the hospital’s renewed infrastructure, advanced clinical capabilities, and its 40-year legacy of trust, innovation, and excellence in healthcare. Their reflections highlighted Fortis Faridabad’s journey of transformation and its vision to deliver world-class healthcare with compassion and precision.

The event also showcased Fortis Escorts Hospital Faridabad’s renewed hospital ecosystem, emphasizing its commitment to global standards, advanced technology, multidisciplinary expertise, and patient-centric care. The meet served as a strategic platform to strengthen international partnerships and explore collaborative opportunities in delivering superior healthcare outcomes.

Through this International Partners Meet, Fortis Escorts Hospital Faridabad reaffirmed its position as a trusted healthcare destination and a global partner in delivering high-quality, integrated, and future-ready healthcare.

## Transplant Symposium 2026 Hosted by Fortis Hospital Gurugram

The Transplant Symposium 2026, organized in association with IMA Jalandhar, was a high-impact academic gathering focused on advancements in organ transplantation. The conclave brought together leading experts from Fortis Memorial Research Institute to share cutting-edge insights and best practices.

A key highlight was the session by Dr. Vivek Vij CHAIRMAN LIVER TRANSPLANT, a pioneer in liver transplantation, who spoke on "Living Donor Liver Transplantation (LTP)," emphasizing advancements that have significantly improved survival rates and post-operative outcomes.

With participation from 186 doctors, the symposium fostered meaningful academic exchange on patient selection, perioperative care, long-term follow-up, and emerging technologies, while strengthening collaborative networks to advance transplant programs across regions.

## Fortis Hospital Gurugram Takes Cancer Awareness to the Big Screen Across Delhi & Gurgaon in Association with PVR Cinemas

Fortis Hospital Gurugram took a powerful step towards raising cancer awareness through impactful on-ground branding and the pre-screening of a dedicated cancer awareness film at PVR Cinemas across Delhi & Gurgaon. Played just before movie screenings, the film effectively captured audience attention at scale, delivering a strong message on the importance of early detection and timely medical intervention.

By leveraging the immersive reach of cinema, the initiative aimed to spark meaningful conversations around cancer awareness, encourage proactive health check-ups, and reduce hesitation around seeking care. Adding further credibility and engagement, senior clinicians from Fortis were present at select locations, interacting with audiences and reinforcing the message with their expertise and support.

## Fortis Gurugram Hosts African Medical Students for Academic Exchange and Collaboration

Fortis Gurugram warmly welcomed medical students from various African nations, offering them an opportunity to explore advanced healthcare facilities and the growing landscape of medical tourism in India.

The visit included an insightful interaction with Senior clinicians where discussions focused on pediatric medical services and specialized treatment options. The engagement fostered meaningful dialogue and strengthened avenues for global collaboration in healthcare.

## Stress-Free Birthing Workshop by Fortis Hospital Gurugram

A beautiful and empowering session on Stress-Free Birthing was conducted by the Gynaecology Department at Fortis Hospital, Gurugram. With over 50 enthusiastic couples in attendance, the workshop focused on helping parents-to-be prepare for a calm, confident, and positive birthing experience.

Through expert guidance and interactive discussions, participants gained valuable insights into the birthing process, pain management, and emotional well-being. The session also created a warm and supportive space for couples to learn, share, and connect, making it a truly enriching experience for all.

## Fortis Gurugram Hosts Exclusive Movie Screening to Strengthen Corporate & PSU Engagement

Fortis Gurugram organized an exclusive screening of Border 2 at NY Cinemas for corporate and PSU employees as part of its ongoing corporate connect and employee engagement initiative. The event provided a refreshing break from routine work, offering professionals a relaxed and enjoyable environment to unwind, interact, and strengthen camaraderie across organizations.

The screening was attended by Senior Clinicians, whose presence added value to the engagement. The initiative was widely appreciated by participants and reflected Fortis' continued commitment to promoting well-being beyond the workplace by creating opportunities for recreation, connection, and stress relief.

## Fortis Hospital Gurugram Drives Awareness on Cervical and Breast Cancer for Women's Well-being

Fortis Hospital Gurugram organized an insightful health awareness session in collaboration with Engineers India Limited, focusing on cervical cancer awareness.

The session was led by Dr. Suman S. Karanth, Additional Director - Medical Oncology who shared valuable insights on cervical cancer, including its risk factors, early warning signs, screening methods, and, most importantly, preventive measures such as timely vaccination and regular health check-ups. The interactive discussion highlighted the importance of early detection and proactive healthcare for women's well-being.

In addition, a health talk was delivered by Dr. Nupur Gupta, Director - Obstetrics & Gynaecology, at Nestlé on the topic of breast and cervical cancer awareness, further emphasizing the significance of awareness and preventive care.

## Events

# FORTIS HEALTHCARE ACHIEVES ESG MILESTONE WITH NSE (National Stock Exchange) ESG Rating Upgrade

- NSE Sustainability has boosted Fortis Healthcare's ESG score from 58 (FY24) to 68 (FY25) reflecting our sustainability efforts.
- While Social and Governance pillars remain strongholds in line with sectoral trends, our Environmental pillar has surged from 42 in FY 24 to 59 in FY25, fueled by targeted initiatives for emissions' reduction, energy optimization, and water efficiency across all our Fortis hospitals.
- Fortis now ranks #2 among 7 peer healthcare firms (Apollo, Max, NH, Medanta, Aster DM, Rainbow) in NSE FY25 ESG ratings, up from #4 in CRISIL FY24 ESG ratings for the same group - as per publicly available NSE & CRISIL ESG ratings data.
- NSE has assigned the 'Aspiring' rating category to Fortis, with the category verbatim descriptor as "Shows strong ESG commitment with steady progress and solid disclosures."

The above-mentioned ranking and rating stand as credible third-party endorsements of our sustainability efforts and the results achieved.

## S. L. Raheja Hospital, Mahim – A Fortis Associate Wins 'Innovation in Fire Safety' Award

S. L. Raheja Hospital team receiving award for 'Innovation in Fire Safety'

Team S. L. Raheja Hospital, (L-R) Dr Gaurav Wani (Associate Consultant – ER & Patient Safety Officer), Ms Mubina Karbari (Head – Quality & PE), Ms Angela Kaushik (Asst. Manager – Nursing), Adv Bhaktaraj Pawaskar (Incharge – CSSD) at IPSC

S. L. Raheja Hospital, Mahim A Fortis Associate has been honoured with the 'Innovation in Fire Safety' award at the International Patient Safety Conference (IPSC), held in Hyderabad on January 30-31, 2026. In addition, four research papers and one innovative idea from the hospital were shortlisted for final presentation, reflecting the hospital's strong focus on safety, quality improvement and innovative healthcare practices.

The award for 'Innovation in Fire Safety' highlights S. L. Raheja Hospital's proactive approach towards risk identification, prevention, and preparedness through innovative systems and processes that strengthen emergency response and ensure a safer hospital environment. This achievement reinforces that at S. L. Raheja Hospital, safety is deeply embedded in everyday operations.

## Fortis Wins Six Prestigious Awards at FICCI Advantage Healthcare India 2026

**Fortis La Femme, GK – II, New Delhi (Bloom IVF Centre) - IVF & Reproductive Medicine**

**Fortis Hospital, Bannerghatta Road, Bengaluru - Kidney Transplant**

**Fortis Hospital, Noida - Liver Transplant**

**Fortis Memorial Research Institute, Gurugram - Neurology & Neuro Surgery and Bone Marrow Transplant**

Underscoring Fortis Healthcare's unwavering commitment towards delivering world-class services to international patients, five Fortis hospitals have won recognitions in six prestigious categories at FICCI Advantage Healthcare India 2026. The event was held on February 23, 2026, in Greater Noida.

Fortis La Femme, GK-II, New Delhi (Bloom IVF Centre), was recognised in the IVF & Reproductive Medicine category. Fortis Escorts Heart Institute, Okhla, New Delhi, won a recognition in the Paediatric Cardiac Sciences category. Fortis Hospital, Bannerghatta Road, Bengaluru, and Fortis Hospital, Noida, were recognised for their Kidney Transplant and Liver Transplant programs respectively. Fortis Memorial Research Institute, Gurugram, won two recognitions - one each in the Neurology & Neuro Surgery category and Bone Marrow Transplant category.

The event brought together key healthcare leaders, policymakers and industry stakeholders, all aligned toward shaping the future of Medical Value Travel in India. As a network, Fortis Healthcare's focus remains clear to strengthen India's positioning as a trusted global healthcare destination anchored in ethical governance, innovation and patient care.

## Three Senior Clinicians from Fortis Gurugram Honoured at 7th Cancer Summit & Awards 2026

On February 3, 2026, three senior clinicians from Fortis Hospital, Gurugram, were recognised at the 7th Edition of the Cancer Summit & Awards 2026, organised by the IHW Council for their contributions to advancing cancer care. The event coincided with World Cancer Day.

Dr Ankur Bahl, Principal Director - Medical Oncology, Fortis Gurugram, received the Excellence in Medical Oncology Award and also participated in a session on 'Digital Transformation in Oncology: Tele-Oncology, AI & Data-Driven Care Models, sharing perspectives on the role of technology in improving cancer care delivery and outcomes. Dr Vikas Dua, Principal Director & Head - Pediatric Hematology, Hemato Oncology and BMT, Fortis Gurugram, was honoured with the Excellence in Pediatric Hematology Oncology & Bone Marrow Transplantation Award, recognising sustained clinical excellence and compassionate care for children with complex hematological disorders and cancers. Dr Sushil Jain, Additional Director - Surgical Oncology, Fortis Gurugram, was conferred the Excellence in Advanced Surgical Oncology Care Award for his contribution to delivering high-quality, patient-centric surgical oncology care.

## Dr Vedant Kabra of Fortis Gurugram Delivers Prestigious Prof N. C. Mishra Oration

Dr Vedant Kabra, Principal Director – Surgical Oncology, Fortis Hospital Gurugram, was invited to deliver the prestigious Prof. N. C. Mishra Oration at the Golden Jubilee Conference of the Uttar Pradesh Chapter of the Association of Surgeons of India. The event was held in Kanpur on November 7-9, 2025.

The oration honours the legacy of Prof N. C. Mishra, a visionary surgeon and educator who pioneered Surgical Oncology at King George Medical College, Lucknow, and mentored generations of surgeons across the country.

## Mr Loknath Tiwari of Fortis Anandapur Represents Fortis at Federation of Asian Perfusion Societies Meet

Mr Loknath Tiwari, Deputy Manager - Cardiac OT, represented Fortis at the 4th Federation of Asian Perfusion Societies (FAPS) Meeting, held jointly with JaSECT in Tokyo on October 12-13, 2025. He had the honour of presenting his paper, 'Advancement in Perfusion Practice: Innovation and Clinical,' which has also been published in the Japanese Journal of Extra-Corporeal Technology (Vol. 52, No. 3, 2025).

With participation from 10 countries, the conference enabled rich scientific exchange across Asia. Mr Tiwari's global recognition, along with his roles as General Secretary (Hon) of ISECT and the Board of Cardiovascular Perfusion of India, reflects Fortis' depth of expertise, leadership and commitment to clinical excellence.

## Dr Rubina Shanawaz of Fortis CG Road, Bengaluru, Honoured for Excellence in Gynaecology & Women's Health Innovation at Femina Achievers Awards North 2026

Dr Rubina Shanawaz, Additional Director – Uro Gynaecology, Gynaec-Oncology & Robotic Surgery, Fortis Hospital, Cunningham Road, has been honoured for Excellence in Gynaecology & Women's Health Innovation at the Femina Achievers Awards North 2026, held on January 29, 2026 in New Delhi.

This prestigious recognition celebrates Dr Rubina Shanawaz's outstanding contributions to advancing women's healthcare through clinical excellence, innovation, and the integration of minimally invasive and robotic surgical techniques in uro-gynaecology and gynaec-oncology. Her patient-centric approach, coupled with her focus on cutting-edge surgical solutions, has significantly enhanced outcomes and quality of life for women across diverse clinical conditions.

## Ajey Maharaj and Deepak Negi Win Silvers at Abu Dhabi Open Masters Games, 2026

Mr Ajey Maharaj, Head – Corporate Communications & PR, and Mr Deepak Negi, Manager – Finance, Fortis Escorts, Okhla, New Delhi, have done all Fortisians proud by winning multiple medals at the prestigious Open Masters Games in on February 6-15, 2026, at Abu Dhabi. While Ajey won two Silver Medals in Basketball in the 55+ age category, Deepak won three Silver Medals in Long Jump, 110m Hurdles and Triple Jump.

Ajey competed in both the 3x3 and 5x5 basketball formats. In the 3x3 category, his team recorded impressive wins against teams from Russia, Lithuania and Mongolia, before finishing with a silver medal after a hard-fought final against Slovakia. In the 5x5 basketball competition, the team once again progressed through a highly competitive field to reach the final, securing their second silver medal after playing Russia.

Deepak has been a consistent performer and has won a total of 39 medals in international events (21 Gold, 8 Silver & 10 Bronze).

The Abu Dhabi event brought together over 25,000 athletes from more than 90 countries who competed in 38 sporting events across multiple age categories, making it one of the largest international masters sporting events
